

## COFFEE NEWS & CHAT

BY SARA HUTCHISON

I read recently that steak, not the familiar hamburger, is the No. 1 favorite food of teen-agers. This may help explain why food gets the biggest share of the total budgets of families with teens.

The article also said that hamburgers are the food teens prepare most often for themselves and that four out of five girls eat canned meat products, with taste appeal more important to them than nutritional values in their selection.

Obviously, the secret to better nutrition and better sales where teenagers are concerned is a nutritious product that tastes good.

### CHILDREN

A child has dignity that can be deeply hurt by a public scolding or reprimand. An audience adds to his embarrassment over your disapproval. Therefore, whenever possible, punishment should be in private.

### CREDIT CARDS

Did you know that a Federal Credit Card Law was passed in May of this year and should be of special interest to credit card users?

This new law makes it a crime to use stolen credit cards and bans the distribution of un-requested cards.

Also, you are not liable for more than \$50 dollars in charges if your card is used without your authorization. The law enables the government to apprehend and prosecute a credit card thief.

If you lose your credit card, call the company immediately. Follow this with a letter confirming your call. You may be able to prevent fraudulent use of your card, or you may even be exempt from paying the \$50 dollars if it is used.

### LEAVES

I'd like to remind gardeners not to throw away the leaves they've cut off. Decomposed leaves are just as effective when added to the soil as peat moss. Leaf mold can be worked into the soil before planting shrubs and when preparing flower beds and can be used as an ingredient in potting soil mixtures.

### COIN-OP WASHERS

Quite often when a home-maker tries to compare the washing cycles of one coin-laundry washer with another, it's like comparing apples with oranges.

It is important, therefore, for the coin-op user to understand that these washers are built to work roughly than home washers and that the engineering that goes into them can differ from one manufacturer to another.

Complete washing cycles can range all the way from 22 minutes to 35 minutes for wash, rinse and spin, depending upon the size and make of the washer, notes the specialist. Large family load washers in the 18- to 35 pounds class usually take less time.

## INAUGURATION BIG EVENT

### Monday's Event To Be Largest

When Governor Elect George C. Wallace is inaugurated in Montgomery on January 18, it is expected to be the largest inauguration in the history of the State.

The parade will be the longest ever with 208 bands, 15,200 musicians, 94 floats, 241 cars, 31 marching drill units, 5 mounted sheriff's possees, and several motorcycle units.

The first band will strike up its marching beat at 8:30 a.m. at the Grand Bowl. Five and a half hours later the last drum will stop its beat at the same place--after the entire affair has circled its way through downtown Montgomery and passed the Capitol. Governor Wallace will be sworn in 30 minutes after the last note has sounded.

An open house will follow the inauguration at the Governor's Mansion on South Perry Street. The mansion will be open to the public from 3 to 6 p.m. The rush of interested Alabamians is expected to rival Gov. James E. Folsom's "Ya'll Come" open house in 1947. And this time Sawyer was one of the well wishers present for the presentation and told Judge English that he had a place to stay in the Probate Office any time he wanted to come by for a visit.

JUDGE GETS CHAIR FROM COMMISSIONERS at the regular meeting of the County Commissioners Monday of this week, the commissioners presented retiring Probate J. O. English with a beautiful easy chair in appreciation for 24 years of "dedicated service, leadership and guidance." (A complete copy of accompanying resolution appears elsewhere in this newspaper.)

In accepting the chair Judge English told the commissioners and other assembled well wishers, "I don't see how I can take it from here and hope James L. Sawyer (the incoming Probate Judge) will allow me to leave it here and come down and sit in it occasionally during the day."

## Report On Legislature

Representative Douglas Nettles of Mobile asked for a delay while House members reviewed his qualifications suggested by some lawmakers were adopted. A resolution was passed to delay the election of legislative agents until the regular session in May. This passed by a 3 to 1 vote, according to Easters. The legislative agents are non-voting representatives from counties who do not presently have a resident member in the legislature. Easters predicted that a bill will be introduced in the regular session to abolish the legislative agents on the grounds they are ineffective, expensive (\$200,000 per year) and have poor attendance records in Montgomery.

Members of the Bol Weevil Art League, sponsor of the Elba Sidewalk Art Show last June, will be showing and selling their revival services at The Dothan Northside Mall on Friday and Saturday, January 15 and 16. The League was invited to the Rev. J. C. Burks, pastor of the church, states that Rev. and Mrs. Sims are both talented musicians and singers and will be looking forward to renewing acquaintance with many of their friends in this area having served the church as pastors.

Services will be held each night except Saturday at 7 p.m.

Local members of the League are Jean Vaughan, Betty Dorsey, Katherine Dorsey, Dorothy Lindsey, Patsy Spurlin, Ida Kimmey, Lamar Rainer, Helen Rainer, Mary Parker, Mary Louise Collier, Miriam Farris, Cella Brown and Martha Rainer. These and the many other members of the League sincerely appreciate your interest and support.

Rev. and Mrs. C. E. Sims will be the Evangelists for revival services at The Dothan Northside Mall on Friday and Saturday, January 15 and 16. The League was invited to the Rev. J. C. Burks, pastor of the church, states that Rev. and Mrs. Sims are both talented musicians and singers and will be looking forward to renewing acquaintance with many of their friends in this area having served the church as pastors.

Services will be held each night except Saturday at 7 p.m.

### Local Artists To Show Work In Dothan

Members of the Bol Weevil Art League, sponsor of the Elba Sidewalk Art Show last June, will be showing and selling their revival services at The Dothan Northside Mall on Friday and Saturday, January 15 and 16. The League was invited to the Rev. J. C. Burks, pastor of the church, states that Rev. and Mrs. Sims are both talented musicians and singers and will be looking forward to renewing acquaintance with many of their friends in this area having served the church as pastors.

### LEGION TO MEET

The local American Legion post and Ladies Auxiliary will meet tonight (Thursday) at 7:00 p.m. The meeting will be held at the Legion home on the Troy Highway. A covered dish supper will be served.

### County Units Will Be Involved Monday

The people of Coffee County are planning to turn out in grand style for the inauguration of George C. Wallace to a second term in the Governor's office of Alabama. The event will be held next Monday.

A float has been purchased, beauties selected to ride and local politicians are making arrangements for convertibles to ride in the parade and the bands are breaking out their marching shoes.

The Coffee County parade will meet in Elba at the American Legion but will continue to the parade grounds in Dothan at 7:00 a.m., Monday morning.

Accompanying convertibles will carry local governing officials who wish to participate in the festivities.

The parade will start at 8:30 p.m. and the Oath of Office will be administered to Governor Wallace at 2:30 p.m., and will be followed by an address by the Governor. Also, on the agenda are an open house at the Governor's mansion and an Inaugural Ball at Garrett Coliseum.

### Flood Control Subject Of Meet Here On Friday

Water resource development on the Pea River will be the subject of a public meeting at the Elba courthouse Friday (15) at 10:00. The announcement was made recently by the U. S. Corps of Engineers.

Purpose of the meeting is to obtain information and data relating to the need and desirability of developing a project for flood control and other related purposes in the headwaters of the Pea River. However, the Corps pointed out that this does not preclude presentation of information concerning the water resource needs and problems in other portions of the basin.

### City Plans Progress With Improved Homes

The City of Elba has completed plans to fully put into effect the Housing Code and Building Code which was adopted years ago, according to Mayor Jack Brunson.

Brunson stated, "These are minimum requirements of the Housing Code and Building Code. They are adopted for all the people of Elba to promote health, safety, general welfare and stability."

Mr. Prude Crook has been appointed to the position of building inspector in Elba.

The minimum housing code is concerned with the basic human needs provided for in dwellings. These include sanitation, freedom from infestation by insects and rodents, proper light and ventilation, heating, prevention of overcrowding, proper plumbing, safe water supply.

Periodic inspections of existing housing will be made to determine whether housing is safe for human occupancy.

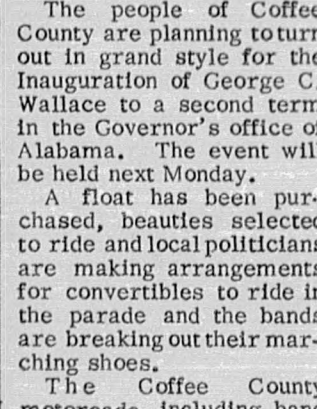

The minimum building code is concerned with the construction of new housing. Permits are required as usual before any construction can be started within the city. The building inspector will continue as before to insure that new construction will meet the required minimum standards during the construction.

### SAWYER PLANS FOR SWEARING IN MONDAY

James L. Sawyer announced this week that he will be sworn into the office of Probate Judge at 5:00 p.m., Monday by Circuit Judge Eris Paul.

Sawyer will journey to Montgomery Monday morning to take part in the inauguration parade and will return to Elba following the Oath of Office by Governor Wallace.

### Be Proud

### Rev. Hendricks To Preach Here January 17

The Reverend Ralph Hendricks, District Superintendent of the Andalusia District of the Alabama West Florida Conference, will preach at Hamm Chapel and Elba United Methodist Churches on Sunday, January 17th. Mr. Hendricks will speak at Hamm at 9:00 a.m., followed by a business session. He will bring the message at the eleven o'clock service at Elba.

Mr. Hendricks is a former pastor of the two churches having served them for five years. He is a native of Jay, Florida. He came to the Andalusia District from Dairfield Church in Montgomery. He is married and has two sons and a daughter.

The local Pastor, Edwin R. Sells, invites members and friends to worship at either of these services Sunday.

### March Of Dimes Gets Underway In Coffee

Hope and help for children with birth defects can be sent through the mail, reports Mr. and Mrs. Roy Evans, 1971 March of Dimes campaign director for Coffee County.

"Our mail appeals will be making their traditional appearance in homes here this month," they said. "Every person who sits down and unites a check for this cause should realize that that check can help create a whole new life for one of the nearly 250,000 children born with birth defects every year."

Money received by the March of Dimes supports continuing programs in research, education, patient care and community service aimed at prevention and treatment of birth defects, according to Mr. and Mrs. Evans.

"We urge our fellow residents of Coffee County to put their stamp of approval on the March of Dimes return envelope," they ask. The March of Dimes campaign in Coffee County is sponsored by the Enterprise Jaycees and Jayceettes.

POOR ORIGINAL

## Vows Exchanged By Couple

Miss Darleen Hill, daughter of Mr. and Mrs. Raymond Hill of Opelika, formerly of Elba, was united in marriage with Bennett Frankel, son of Mr. and Mrs. Harold Frankel, of Queen's City, New York, on December 5, 1970, at the Elba First Baptist Church at seven in the evening.

The sacrament of Holy Matrimony was performed by the Reverend Rex Nixon of Ozark, against a background of nuptial music presented by Mrs. Paul King, organist, and Miss Cathy DeVaughan, soloist.

The chancel of the church was decorated with a massive arrangement of white gladioli, crysanthemums and yellow daisies accented by yellow candles and medallions of emerald palm foliage on double wrought iron candle holders.

The family pews were marked with burning hurricane lamps, satin bows and cascades of stephanotis.

The bride, given in marriage by her father, wore a gown of silk satin in antique white, lavishly overlaid with pearls and crystal re-embroidered Alencon lace. The empire bodice was designed with a Victorian neckline over a sheer yoke fashioned with long fitted sleeves of lace.

The Chapel train was attached to the bodice and featured a scalloped hemline also with lace appliques. Her veil of imported silk illusion was attached to a wreath of orange blossoms and white lace covered flowers outlined with tiny seed pearls. She carried a cascade bouquet of white carnations and yellow roses centered with white orchid atop her personal white Bible.

The bride was attended by Miss Robin Frankel, sister of the groom, as maid of honor. Miss Rosemary Hill, sister of the bride, was junior bridesmaid. Other attendants were: Miss Harriett Bullock, Miss Lynn Marsh, Miss Cecelia Cooper, all of Elba, and Miss Sheila Mickler of Opelika.

All the attendants wore floor length gowns with long full sleeves. Yellow taffeta with mint green chiffon overlaid the gown. The cascade bodice was accented by a satin bow tied in front.

Each carried a cascade of yellow roses and daisies. Mr. Harold Frankel served his son as best man.

Usher - groomsmen were: Mr. David Marshall, San Francisco, California; Mr. Ray Benetiz, East Newark, New Jersey; Mr. John Garrison, Detroit, Michigan; and Mr. Joey Hill, brother of the bride, Opelika.

Upon arrival, the guests were greeted at the church entrance by Miss Vicki

## 1970 Farm Act Explained

The Agricultural Act of 1970 makes provisions for the shifting of bases from farms which do not plant feed grain to those which do. The law provides that farms which plant less than 45% of their seed grain base in 1971 will have their 1972 base reduced for the amount of the underplanting, up to 20% of the base. If no feed grain or authorized substitute crops are planted for three consecutive years, the entire base is removed from the farm. All base lost by farms will be placed in a national pool for reallocation to other farms.

Acres which is not planted due to a drought, flood or other natural disaster or condition beyond the control of the producer will be considered planted to feed grain to preserve bases, and any producer who makes a set-aside but elects to receive no payment will not suffer loss of base. In 1971, acreage planted to soybeans will not be considered planted to feed grain, unless it is later determined that this action is needed to prevent a shortage of soybeans. Acreage planted to wheat will be considered planted to feed grain if the wheat is not harvested or if the wheat is harvested and the wheat is not sold or if the wheat is sold and the wheat is not shipped.

This action will provide broader substitution privileges to participants in the wheat and feed grain programs than in previous years. A producer with a

Notice is hereby given that Complainants have filed a bill of complaint with amendments thereto against you in this Court, and you are required to appear and plead to or answer the said bill of complaint, as amended, by the 5th day of February, 1971, or in thirty days thereafter a decree pro confesso may be rendered against you.

This the 9th day of January, 1971. Gladys Clark, Register 1/14/4tc.

The State of Alabama Coffee County Probate Court, Elba Division 1971. In the Matter of the Estate of J. M. Rowe, Deceased.

Letters Testamentary on the Estate of J. M. Rowe, deceased, having been granted to the undersigned on the 7th day of January 1971 by the Hon. J. O. Engle, Judge of Probate of said County, notice is hereby given that all persons having claims against said estate, are hereby required to present the same within the time allowed by law, or the same will be barred. Vivian V. Rowe Executrix 1/14/3tpd.

I will not be responsible for any debts other than those made by me personally. Cecil Wambles 12/24/4tc.

feed grain base and a wheat allotment can plant his entire feed grain base and wheat allotment to wheat the production from their corn base, and 1/24 of the feed grain without loss of history, just as he did in 1970. He will also get both wheat certificates and feed grain payments—which he could not in 1970, unless he planted a fixed percentage to each of these crops. Further, since there is no limit on feed grain or wheat plantings, a farmer can make more acres to these grains than the total of his base and his allotment—planting them on land which he previously used for low-er—return crops.

He will be required, however, to make his set-aside under both programs and maintain his conserving base just as he did in 1970. A farmer with only a feed-grain base or only a wheat allotment may still plant all feed grain or all wheat without losing history or payment.

Only corn and sorghum will be included in the set-aside program—barley will not be included. Farmers with a barley base will not be required to set-aside any acreage to be eligible for loans or purchases.

A producer may participate in the feed grain program on any farm or all farms in which he has an interest, as he wishes. No additional set-aside will be authorized for payment, in view of the provable need for additional feed grains in 1971.

The Agricultural Act of 1971 limits feed grain payments to any person to \$5,000. This limitation will affect a rather small number of feed grain producers. The limitation of payments provision does not apply to loans nor to sales of eligible feed grains to Commodity Credit Corporation.

Feed grain bases will be set just as they were in 1970. Other program details, such as production of alternate crops on diverted acreage, will be announced prior to sign-up.

Secretary of Agriculture Clifford M. Harbin today announced the major provisions of the 1971 Feed Grain Program. "At this time, however," the Secretary explained, "there are many unknown in the feed grain situation."

"Consequently, we are not announcing the final set-aside percentage until we have additional information on factors affecting the 1971 crops. For the purpose of the January Farmers' planting intentions reports, the department will tentatively plan for a 20 percent set-aside for feed grain. The decision will be made prior to the program sign-up period, March 1 through April 9, 1971. The preliminary payment associated with a 20 percent diversion requirement would be 32 cents per bushel for corn and 29 cents per bushel for sorghum times the yield established for the farm times one-half the corn and grain sorghum base. We are announcing other program decisions in order to provide farmers with the broadest information possible for planning spring seeding," the Secretary said.

"The set-aside program will give producers more options in the uncertain situations for corn than previous programs since it places no limits on the plantings of crops except those for which marketing quotas are approved by farmers. These crops are peanuts, rice, tobacco, extra long staple cotton and sugarcane. I have great faith in farmers to make the right decisions when they are provided the opportunity to do so. The set-aside program frees them of specific acreage limitations on all non-quota crops. In 1971, participants in

the set-aside program will be guaranteed a national average of \$1.35 a bushel on wheat, \$1.35 a bushel on corn base, and \$1.24 a bushel (\$2.21 a hundredweight) on half their sorghum base. This compares with total support in 1970 of \$1.35 a bushel (\$2.14 a hundredweight) for sorghum.

Set-aside payments for diverting the specified per-

centage of the base will be equal to the difference between the national average price received by farmers during the first five months of the marketing year and the guarantee.

The method of calculating set-aside payments for the 1970 program—half the 1970 program—will be like that of the 1971 program. Half the 1971 loan rate for corn will be \$1.08 per bushel for No. 2, which is equivalent to \$1.05 a bushel for corn of average quality, the same level as in 1970. In setting the loan rates for other feed grain, the Agriculture Act of 1970 places heavy emphasis on

feeding values in relation to corn. In contrast, the Food and Agriculture Act of 1965, which authorized recent feed grain programs, required consideration of this factor in setting total support, but the emphasis of the new act, 1971 sorghum rates are higher than in 1970, while those for the other grains are lower. The 1971 loan levels for the other grains are as follows: Grain sorghum, \$1.73 per hundredweight; Barley, 81¢ per bushel; Oats, 54¢ per bushel; and Rye, 89¢ per bushel.

Oliver Williams, Honored for Insurance Sales

Oliver W. Williams of Elba was recently honored by the management of the Enterprise District of Liberty National Life Insurance Company for his outstanding sales record for the third quarter of 1970. Williams led the entire district service for the period.

Williams has earned the National Quality Award the past three years and has been the recipient of the National Sales Achievement Award five times.

We want to express our deepest thanks for the kindness shown us through deeds, food, flowers and thoughts during our recent sorrow. Mrs. R. D. Donaldson and Family, 1/14/4tpd.

# EHS REPORT

## Les Ecrivains De La Semaine

CYNDI MADDOX and JUDY KELLEY

## OUR GENERATION

BY: DONNA BOSWELL

People say the world is younger generation. In such a mess, Everyone seems to be under such stress, Everything is blamed on the

They don't even like the songs we sing; They always try to put us down; Or either forget we are around;

When they think of how we will be; The next heads of this world they see; They think of what a terrible fate! For a world to be run by people in our shape; They talk of the awful shape the world is in; Filled with filth and sin; But I hope one day they will wake up and find; The world we run is a different kind; They will find that our generation; Has helped ease the frustrations; That our generation is more than relaxation and rest; That our generation is filled with action and zest; That we will try to make our land; Better for all man.

## Semester Test Schedule At EHS

The schedule for the mid-term exams at EHS is as follows:  
Wednesday:  
1st Period Test--1st & 2nd Period  
3rd Period Test--3rd & 4th Period  
5th Period Test--3rd & 4th Periods  
Thursday:  
2nd Period Test--1st & 2nd Periods  
4th Period Test--3rd & 4th Periods  
6th Period Test--5th & 6th Periods

## Senior Of The Week Wayne Windham

There is a certain tall, brown-eyed blond at EHS and this certain guy has been chosen by his fellow students as "Senior of the Week." His name is Wayne Windham.  
Wayne is a very active and outstanding student at EHS. He is a member of the Mu Alpha Theta, the French Club, the Science Club and is the president of the Beta Club.  
Wayne's favorite class is Democracy. He doesn't have a favorite teacher, he just likes all of them. This is Wayne's opinion of school. "School is one of the most important things in a person's life. A person doesn't have a chance of succeeding in later life without a good education. Sure, there are a few bad things about school, but that's life." Wayne thinks a new building and more classes like the Seniors of '71 would make school better.  
Wayne plans to go to college at Auburn University after high school.  
Wayne's favorite interests are hunting, tiger football games, food and cars. His hobbies are hunting, swimming and fishing.  
Wayne says "any person, boy or girl, should have the respect and consideration for others. He should have a good personality and always be willing to extend a helping hand."  
If any of you girls are trying to catch Wayne, be sure he never has to wait for you, because his pet peeve is having to wait for someone when he is in a hurry.  
Wayne's parents are Mr. and Mrs. Wilson Windham. Congratulations!!

## Resolutions For 1971

There are many problems that we the students of EHS could help to solve, so that 1971 can be a better year than 1970.  
One major problem is smoking. Smoking not only causes pollution but it harms your body. Wouldn't it be better if more people were born in 1971 than died? Another very big problem is drugs. Many young people think they must have some type of "fix" to help them cope with their problems. But this isn't necessary. Every type of drug harms you, or why would it be called dope? Most of us have problems with our parents, teachers, fellow students, etc. But if we only sit down and discussed these problems with each other, don't you think there would be more peace in the world?

The schedule for the mid-term exams at EHS is as follows:  
Wednesday:  
1st Period Test--1st & 2nd Period  
3rd Period Test--3rd & 4th Period  
5th Period Test--3rd & 4th Periods  
Thursday:  
2nd Period Test--1st & 2nd Periods  
4th Period Test--3rd & 4th Periods  
6th Period Test--5th & 6th Periods

Another problem we could solve concerns our own school. I think each student and teacher would enjoy the 1971 school year if we all took a little more pride in our school building.

Before the mountains were brought forth Or ever Thou hadst formed The earth and the world. Even from everlasting to everlasting, Thou art God! (Psalm 90:2)

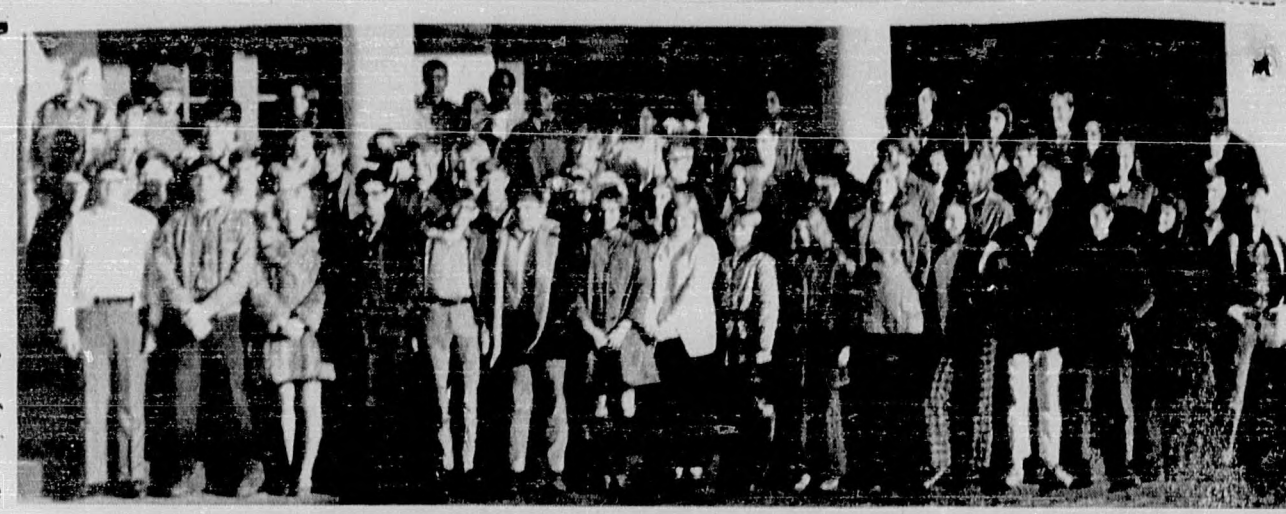

## ATTEND THE CHURCH OF YOUR CHOICE SUNDAY

Is it odd to find these twenty-four words here in your newspaper? But here they are... centuries old, out of the enraptured mind of a man who looked at a mountain, at the rugged earth and the vast sky above, at time, at eternity.  
Do his words belong among the headlines and datelines, the terse reports of earth-shaking events? Should they compete for our attention with all the goods and services we'd like to buy?  
Well this man made a remarkable discovery: he did not simply arrive at the fact of Divine creation. Nor did he merely proclaim the existence and endless reign of God. He spoke to God! He knew Him!  
Have our headlines yet reported a greater discovery?

## BIRTHDAY WISHES TO JANUARY PEOPLE

ing and school work. So takes all your money and try to remember to throw your trash in the trash cans. If you must write When you get caught chewing your gum, write them on your own personal things, instead of desks, walls, or books. And remember studying never hurt anyone. When Clemy misses a field-goal for Alabama. When you think of Debbie Holloway and Rhonda Morrow as being blondes. When you can't watch your favorite TV shows because you have to study. Returning to school from the Christmas Holidays.

What If:  
--Mrs. Padgett thought Joe Namath was cute.  
--Mr. Antone admitted he is married.  
--Mrs. Terrell couldn't talk.  
--Nancy Thomas never did anything wiser.  
--Johnny Johnson didn't go to sleep in Algebra.  
--Somebody stole Vann and Wayne's corner at recess.  
--Blanche Lee married the Jolly Green Giant.  
--Steve Johnson married a midjet.  
--Mr. Foley wore a purple shirt, some white bell bottoms and a red tie to school.

## NOTICE CITY PRIVILEGE LICENSES WERE DUE

January 1, 1971  
WILL BE  
Delinquent  
February 1st

Notice That A New License Schedule Became Effective January 1, 1970. Employees At City Hall Will Be Glad To Assist You In Preparing Your Application For License.

## CITY OF ELBA

Tom Dyess, City Clerk

Mrs. Padgett's Hero  
There is a young man She looks forward to see Every Wednesday night On CBS-TV He plays on a medical show On the set he's well known as Joe.  
His role is a doctor. A very fine one at that With a bedside manner the greatest in fact. Into his beautiful eyes of green Stares Mrs. Padgett with a gleam. And now it's up to you to find Who this man is because Mrs. Padgett is his fan.

Sadness Is  
When the 8:00 bell rings, When it rains and the doors are closed, When the coke machine Before the mountains were brought forth Or ever Thou hadst formed The earth and the world. Even from everlasting to everlasting, Thou art God! (Psalm 90:2)

## Elba Study Club Meets

On Wednesday afternoon, Club, Mrs. Ross Clark and Mrs. Will Vaughan were hostesses to the Elba Study Club. The meeting was held at the Elba Country Club. The president, Mrs. J. Kimmey, conducted the business session. Mrs. T. D. Kendrick gave the secretary report, Mrs. Duke Tatum reported for the treasurer. Mrs. Kirk Allred stated that gifts were delivered to each patient in the Elba Nursing Home Christmas.

Following the business session, the program chairman, Miss Jeanette Garretts, presented Mrs. Price Ringo who gave an interesting paper on India and conditions in that country. A delicious salad plate was served to Mrs. C. O. Brunson, Miss Jeanette Garretts, Miss Lillie Harper, Mrs. T. D. Kendrick, Mrs. J. M. Kimmey, Mrs. Duke Tatum, Mrs. Fred Harper and Mrs. Will Vaughan.

One of the rocks collected on the moon by the first men to land there is being shown to the public exhibit, which is being provided by the National Aeronautics and Space Administration's Marshall Space Flight Center. The walnut size rock was collected from the lunar surface in July, 1969, by Astronauts Neil Armstrong and Edwin Aldrin, Jr.

## Glenn Bedsole Initiated Into Phi Beta Kappa

The Alabama Alpha chapter of Phi Beta Kappa, America's oldest scholastic honorary society, founded in 1776, initiated 29 new members recently at the University of Alabama.

Among the new initiates was Glenn David Bedsole, son of Mr. and Mrs. James H. Bedsole of Elba.

A senior in the College of Arts and Sciences, Bedsole is majoring in biology and is in the Science Honors Program. He is a member of Phi Mu mathematics honorary.

Bedsole is a 1967 graduate of Elba High School, where he was president of the student Council and of the Beta Club.

The Elba Section C and D held their club meeting at the Elba Middle School on December 15, 1970, at 9:00. President Win Westbrook called the meeting to order. We sang songs led by song leader Stephen McCollough and Tommy Simmons. Keith Maddox read the devotional. Tommy Brown read the minutes of the last meeting. Chairman, Dan J. Presley showed a set of slides on Conservation. The meeting was closed by President Win Westbrook. Lenny Farris, Reporter

CARD OF THANKS  
On behalf of our mother and the other residents of the Elba Nursing Home, we would like to express appreciation to the religious groups, clubs and individuals who did so much to make the Christmas season a joyful one.  
The beautiful decorations, the singing of carols, the gifts and your presence made it a happy and festive time.  
Mrs. Roscoe Deal  
Mrs. M. J. Lee

On Conservation

The Elba Section C and D held their club meeting at the Elba Middle School on December 15, 1970, at 9:00. President Win Westbrook called the meeting to order. We sang songs led by song leader Stephen McCollough and Tommy Simmons. Keith Maddox read the devotional. Tommy Brown read the minutes of the last meeting. Chairman, Dan J. Presley showed a set of slides on Conservation. The meeting was closed by President Win Westbrook. Lenny Farris, Reporter

CARD OF THANKS  
On behalf of our mother and the other residents of the Elba Nursing Home, we would like to express appreciation to the religious groups, clubs and individuals who did so much to make the Christmas season a joyful one.  
The beautiful decorations, the singing of carols, the gifts and your presence made it a happy and festive time.  
Mrs. Roscoe Deal  
Mrs. M. J. Lee  
1/14/71tpd.

CAPTURED VIET CONG WEAPON... A ChiCom 7.62 mm machine gun used by the Viet Cong has been donated to the Army Aviation Museum at Ft. Rucker, Alabama, by the 1st Aviation Brigade Museum in Viet Nam. Another Viet Cong machine gun, a 12.7-mm ChiCom, is also on display at the Ft. Rucker museum.

AND I WAS going to retire. Or rather that is what I thought two years ago I would be doing by now. Apparently, today, I am further from it than ever before. That is unless someone comes along who wants these newspapers more than I do. I'll let you in on a little secret - If you should want two good newspapers cheap come around the first of the week - if we notice you at all, that is - that is when the going is rough and we're threatening always about that time "to quit this business." Then comes Thursday and the paper has gone into the mail and we're then a little smug about it. That is until someone comes in, or the less brave telephone us complaining about something - maybe something that is our error but we are equally as mad and disturbed if the error is theirs and we have the copy they furnished us to prove it. But after nearly a half century that is considered just a matter of routine and usually it runs off like water off a duck's back. We learned a long time ago that the story about the man, the boy and the dog - that could have been true. At any rate the meaning is true - it's impossible to please everyone.

Taking it as a whole we get along real good with our readers who are also our friends. And actually we enjoy our work tremendously. There are no "coasting" days after we get the paper in the mail every week as it used to be when we could play out until Monday morning. Now there are a lot of things piled up waiting for attention "when we get the paper out" and by the time we get through with them it is time to start all over again.

WE ARE ALL now well on our way in the new year though we still get mixed up when it comes to the old year.

Just happens to occur to the other fellow, namely parents. But the youth of today will not always remain so. Let's look at parents as the "Silent Majority." And the Silent Majority is in a position to make a difference. A vast new "growth industry" has come into being to help taxpayers stay out of jail. Late reports indicate an unprecedented boom in the tax consultant business. No doubt, like the woman in Canada, many taxpayers will pay more to find out how much they owe the government than they will ever pay in taxes.

NEXT MONDAY will be the inauguration day in Alabama and a big to-do will take place in Montgomery. The capital city will have on hand more politicians and elected officials than most of us can believe exists.

And soon elected officials will be in place in some awkward positions. An elected public official who dares risk his political future by taking a strong stand on a controversial issue is a rare and courageous bird. Many politicians have taken strong stands on the safe side of the controversial issue, but it has remained for the "view" to submit and support the unpopular but many times necessary measures.

The new sheriff goes on salary rather than the time honored fee system that has always been used in Coffee County and most other counties of Alabama.

House trailers Owners are warned. Owners of house trailers were put on warning this week. In fact, 350 citations have been issued already to those with house trailers who do not have a license as required by state law.

An additional 700 house trailers are said to be located in Enterprise without proper license. Those who have not yet been cited can save themselves money by getting that license today.

Trailers owners buying their license before being cited can save themselves an additional fine of \$100 per trailer.

**County Registrars Open Extra Days**

The Coffee County Board of Registrars will be open for registering voters ten extra days in January. It was announced Tuesday.

The Board will be in Enterprise January 18 through January 22. They will be in Elba from January 23 to January 29.

Unregistered voters are urged to go to the voter registration office during these days and qualify to vote in any future elections.

More than 5,000 postoffice permanent postmasters are waiting postal reform legislation. Since the adoption of postal reform legislation last year, approximately 100 persons have been appointed as postmasters with more than 5,000 yet to be appointed. These appointments are to be made prior to July 1, 1971.

Miss Kimbro was the first person to be appointed permanent postmaster under the new system in the Kinston region and was among the first to receive a permanent appointment in the nation.

A reception and social hour was enjoyed at the city hall following the installation services last Tuesday afternoon when postal employees of the Kinston office, postmasters of neighboring towns, postal officials and several friends witnessed the installation services and enjoyed the reception hour.

**Auburn Releases Honor Rolls**

Auburn University undergraduate student whose overall grade point averages were in the upper percent of the class were named to honor rolls announced by the dean for the fall quarter.

Janice W. Smith, former Janice Windham, Arts and science, of Elba was included.

up for ponies I'll feel safer with a cancelled check." Millions of U. S. taxpayers will, no doubt, have sympathy with this woman. Paying taxes is now subject to such a nit-picking barrage of rules and regulations that a vast new "growth industry" has come into being to help taxpayers stay out of jail. Late reports indicate an unprecedented boom in the tax consultant business. No doubt, like the woman in Canada, many taxpayers will pay more to find out how much they owe the government than they will ever pay in taxes.

**March Of Dimes Underway**

Mother's March volunteers take to the streets of Elba on Thursday January 21, beginning 12 noon in their campaign to raise funds to continue the fight against this nation's second greatest destroyer of human life - birth defects.

Every year these dedicated women - and some high school girls who proudly wear their "to-night I am a Mother" badge - spend long hours to organize the fight to prevent birth defects. Their efforts are beginning to pay off. Modern medical research and treatment methods are succeeding in preventing thousands of tragedies that would otherwise have been caused by Rh disease or prenatal rubella (German measles) infections.

Mrs. Chip Westbrook is March of Dimes Chairman for the 1971 Mothers' March in Elba. Others helping her by serving as zone chairmen are: Mrs. Ronnie Young, Mrs. Fred Crumpton, Mrs. Rickey Kennett, Mrs. Cyril Newman, Mrs. Harold Berry, Mrs. Bobby Parker, Mrs. Sammy Lowrey, Mrs. Lloyd White, Mrs. Billy Joe Brunson, Mrs. Jack Padgett, Mrs. Marvin Mc-

Elwin, Mrs. Kimmy Ham and Mrs. Tom Dyess.

Miss Terry Martin is the Teen-age March of Dimes chairman in Elba and she will also be helping with the Mothers' March. The Three Seasons Study Club is sponsoring the Mothers' March in Elba.

A meeting was held January 18 at the City Hall for the purpose of acquainting those present with the work of the March of Dimes and where the money collected are distributed in helping the over \$250,000 babies affected with birth defects each year. Collection kits were also distributed and instructions given to the zone chairmen participating in the March.

A healthy birthright for every baby is the March of Dimes' goal. Mrs. Westbrook urges you to add your support when a Mother's Marcher calls on you.

**100 OFFICERS AIDED**

More than 1,000 law enforcement officers aided Montgomery police Monday in handling the estimated 500,000 persons who crowded the Alabama capital to witness the swearing in of Alabama's 49th Governor, George C. Wallace.
